HERE'S SIMPLE "FLU" PRECAUTION USED BY THOUSANDS LAST YEAR

No Need for Hysteria or Worry—Simply Set About Systematically Putting Your System in a Vigorous, Robust Condition.

YOU CAN VASTLY INCREASE YOUR DISEASE RESISTING VITALITY NOW

Read "Brass-Tack" Talk Below—Then Do As Directed.

DRUGGISTS SAY IT'S BEST WAY

"It begins to look like the dreaded 'Flu' is returning. It seems to be less deadly this year, however—let us hope so—although scores are dying daily in other cities, it may not strike this city hard.

Anybody foolish enough to hang around now in a weak, nervous, run-down condition, liable to catch cold, cough or catarrh trouble, should have a guardian. Just imagine a parent permitting the family to remain in a susceptible weakened condition at such a time as this? It's a crime when a few pennies invested in a tonic might easily increase their disease resisting vitality a whole lot.

Tells What To Do.

We know gauze masks were futile—we know that because you had the 'Flu' last year is no sign you won't have it again. We know lots more about it now than we did last year. Like water off a duck's back when the 'Flu' so don't fret or fuss. Keep calm.

Simply follow the simple suggestions below and quickly increase your disease resisting vitality and thus strengthen your system so you can ward off, throw off, and put up a stiff fight to win even if surrounded with deadly germs of pneumonia or influenza.

Vigorous, robust perfectly healthy people aren't going to be sick because nature can't throw such diseases off like water off a duck's back when you are full of stamina and vitality.

The usual symptoms are a cold, sneezing, coughing, spells, watery eyes, running nose, parched lips, feverish forehead, headache, lassitude, etc. To stop such symptoms quickly—to quickly rebuild the weakened system, strengthen the whole system and put yourself back on your feet in a jiffy—read the brass-tack statements published in the several articles on the right. Read how those people in unusual cases just like you did the trick.

You can see how nicely it works from what they say.

Take the tonic they recommend. Come down to the store and get it tonight. Take it as directed on the bottle—a little dose half hour before meals and at bedtime for a few days. Get out in the fresh air—take plenty of exercise—keep the house well ventilated and eat plenty of wholesome hearty food. Hypo-Cod will spur up your appetite from the first dose. Keep regular hours for a week or ten days and watch the big improvement.

Read what they say in the articles on the right—Take their advice and you will be back on your feet in a jiffy. You can't run too high. By using Hypo-Cod now like two birds with one stone. Ward off sickness and feel better.

Note: We prepay large bottle Earle's Hypo-Cod anywhere on receipt of price, \$1.25, plus postage. People's Drug Stores, Washington, D. C.

HERE'S THE WAY TO WARD OFF THE "FLU"

My Daughter Had the Symptoms—Fever, Pains, Cough.

HYPHOCOD QUICKLY BROUGHT RELIEF

"My daughter, aged 24, was feeling miserable. She had a bad cough that was mighty suspicious and a catarrhal condition of the head and nasal passage that alarmed me. She had pains in her chest and through her lungs and had some little fever, too. She had lost her appetite and felt miserable when I saw Hypo-Cod advertised in the Washington papers and honestly it worked like magic," declared Mrs. A. Gaghan, 1625 First St. N.E.

The first bottle of Earle's Hypo-Cod gave her splendid relief. Her coughing stopped and the cold seemed to dry right up. She now eats hearty and is much stronger and energetic besides and says she feels better than she has in months. No wonder we give Hypo-Cod the credit, for she took nothing else. It surely does produce the desired result quickly," continued this Washington lady.

Don't take a throat wash or pill—go deeper than that and build up the system—fortify yourself against another cold—be free of such troubles all winter and spring. Then if the 'Flu' should happen along where you are, you are in shape to fight it off easily. Read what another endorser of Hypo-Cod says in the article on the right and below.

HYPHOCOD FORMULA

Earle's Hypo-Cod contains the extractives of pure cod liver oil (freed entirely of the oily fishy taste) and combined with the compound syrup of Hypophosphites of Lime, Potassium, Manganese, Strontine, Quinine and Sodium. Extract of Malt, Iron, Extra Select Sherry Wine, and Wild Cherry Bark—See formula on bottle. Doctor, druggist, chemist, endorse Hypo-Cod as the most palatable, effective, and powerful nutritive, reconstructive tonic made. Read what users of it say in the articles on the right and above and below.

IN GRIP OF DREADED "FLU" SHE ASKED DRUGGIST WHAT TO DO

Feverish, Weak, and Aching All Over She Was Scared.

WAS SO HOARSE COULDN'T TALK

Read "Brass-Tack" Talk Below—Then Do As Directed.

Read "Brass-Tack" Talk Below—Then Do As Directed.

Read "Brass-Tack" Talk Below—Then Do As Directed.

HAD ALL THE SYMPTOMS OF DREADED "FLU"

Her Son Had Fever, Nose Ran, Eyes Watered—Had Pain in Chest.

COUGHED A GREAT DEAL—WORRIED HER

"Goodness, but I was afraid my son was going to have pneumonia or the 'Flu'. He had some fever and coughed a great deal. He had a catarrhal condition of the nose and throat and he sneezed and sneezed. His nose ran constantly and his eyes were so red and watery he was a sight. He complained of pains in his chest and I was dreadfully afraid he was going to be taken down. Fortunately a friend told me just what to get for him and I so firmly convinced it will help others I want to recommend this grandest medicine in the world to everybody." continued Mrs. E. C. Prater, 2215 Minnesota Ave., Washington, D. C.

"I took my friend's advice and got a bottle of Earle's Hypo-Cod and it entirely cured him of those awful symptoms. It stopped his cough in no time and he has built him up and given him strength and his appetite is good again. It surely is a grand quick medicine and the best we ever had in the house," continued Mrs. Prater.

People in such a weakened feverish condition should systematically go about strengthening their system and Earle's Hypo-Cod is the quickest acting, most effective reconstructive tonic made, according to chemists and druggists. Read what another party says about it on the right and below.

FAMOUS AUTHOR SAYS HYPHOCOD PREVENTS "FLU"

Points Out Wisdom of a Stitch In Time—Now.

FORTIFIED HIS SYSTEM WITH IT

The object of these various statements regarding the 'Flu' is not to scare anyone—but rather to point out a simple, easily followed method that in thousands of tests has proven 100% efficient. The statements mentioned in the known Author, Traveler, Explorer and Biblical student, John Peterson, of Washington, D. C., is interesting as showing how such a man systematically goes about fortifying his system against disease—just as he would persevere in the jungle or wilds of Alaska. He said:

"I began suffering from the distressing, disturbing catarrhal condition which indicates Spanish influenza in its early stages. My symptoms were such that I felt it imperative that I should take such preventive precautions as would insure me immunity from an attack of this so frequently fatal disease. I bought Earle's Hypo-Cod because of my knowledge of what it had done in cases that came to my notice, and through how it had been used with immediate and helpful results from this remarkable curative agent and having helped me at a very critical time I believe that any one who is threatened with this dreaded disease will be greatly benefited by Hypo-Cod."—John Peterson (Address 629 F St. N.W.).

To those millions who have read 'Invitation To the Kingdom' by this gentleman, his timely suggestion above must surely banish all doubt as to the proper course for every parent. The above mentioned book, copyrighted in every civilized country on the globe and translated into Spanish, German, French, Italian, Chinese, and other languages, long ago placed this author among the immortals.

Read what still other people say regarding this splendid tonic. It so quickly revives the disease resisting vitality and stamina of the user then drop in at the People's Drug Store and fortify yourself—and your family against long sickness—doctor bills this year.

HOW IT FEELS TO CATCH "FLU"

Relieve it quickly with Dr. Bell's Pine-Tar-Honey

DR. BELL'S Pine-Tar-Honey is a remedy that has for years stood by thousands of cold and cough suffering men, women, and children in helping to promptly and effectively relieve these dangerous attacks. CHORUS GIRL LOSES IN FIGHT FOR CHILD

Judge Dismisses Petition of Damaris Easton—Mother and Daughter Meet.

BALTIMORE, Jan. 29.—Damaris Easton, the New York chorus girl, met and fondled yesterday her eleven-year-old daughter Marjorie, whom she had not seen for ten years and whose custody she endeavored to obtain by means of a writ of habeas corpus.

As a result of the developments following the meeting of mother and daughter and the girl's foster-parents, Mr. and Mrs. J. Q. King, living at Cedar Grove, Montgomery county, Judge Gorter decided to dismiss Miss Easton's habeas corpus petition and let the girl remain with the people who have reared her from infancy.

Mother and Child Meet.

The meeting of mother and daughter took place in the judge's private room, Mr. and Mrs. King had brought Marjorie to the city Tuesday night in company with Miss Daddon, a probation officer of the juvenile court.

King, however, several times had a large store, it is said, and has made a will leaving all his property to Marjorie.

The first glimpse of Marjorie was given the public and the identity of her foster-parents was revealed when they appeared in court. Marjorie is small for a girl of her age, and she has black hair and eyes like her mother's.

When the mother was called in to see the child she took the girl on her lap and fondled and caressed her. Marjorie responded to the embraces of a mother of whom she had no recollection. In all the time she expressed her great love for her "Daddy" King.

Invites Her To Ride In Auto.

To her mother Marjorie told of her happy life and invited her mother to visit her and go riding in her automobile and picnicking in the woods.

The girl said she had two automobiles and would take her mother riding in the "shiny" one. Marjorie's invitation was seconded by Mr. and Mrs. King.

It was thought that Miss Easton had fainted during the talk with her daughter. She collapsed and a physician was sent for, but she rallied under the ministrations of Miss Daddon.

Jacques Buzanoby, the New York restaurateur, who expressed his desire in court to marry Miss Easton, and who came to this city to aid her in her fight for the girl, was also in court, as was Miss Easton's mother.

Will Renew Her Fight.

Miss Easton said it was a great consolation to have found her daughter and that she hoped of obtaining custody of the girl. She will make another effort either as the wife of Buzanoby or alone.

The bringing of the habeas corpus suit in aid to her fight resulted in the girl obtaining her first intimation that Mr. and Mrs. King were not her parents. It is said that Mrs. King told the girl all about herself when questioned.

WAR WORKERS' HOSPITAL OPENED BY RED CROSS

In less than three hours, yesterday in aid to the department of military relief of the Potomac Division, American Red Cross, furnished and completely equipped a military hospital in the Purchase, Stores and Traffic division of the War Department in the Munitions Building.

The hospital was furnished at the request of Col. Henry Clay Sipple and will be used for girl clerks, the dispensary at the building being unable to care for all the cases. The ward has four beds and all necessary supplies.

The department of military relief also furnishes automobiles for the use of the nurses visiting sick and for transporting the girls to their homes.

MACHINE GUNS FOR NEW YORK POLICE

NEW YORK, Jan. 29.—As a measure of preparedness against riots and serious disorders, a regiment of 1,000 sharpshooters and four machine gun squads will be organized by the New York police department, it was announced.

Approximately 400 men will be held ready for action at all times. They will wear steel helmets when on duty.

TAKE NO CHANCES WITH THAT COLD!

Relieve it quickly with Dr. Bell's Pine-Tar-Honey
